25X1 2. [REDACTED] Talked to Bill Hogan, Counsel, Intelligence Subcommittee, House Armed Services Committee, who told me the Chairman will have to schedule a hearing with Charles Colson for Monday morning, 17 June, consequently, it will be necessary to reschedule the current bi-weekly Intelligence Subcommittee briefing for another date. We will talk further on rescheduling as soon as Hogan has had a chance to discuss the matter with Chairman Lucien N. Nedzi. [REDACTED] OCI, has been 25X1 advised.

25X1 [REDACTED] Later in the day I delivered to Hogan the typed version of the [REDACTED] handwritten memorandum.

25X1 3. [REDACTED] Met with Ralph Preston, House Appropriations Committee staff, and delivered to him the blind memorandum, "Status of the Suez-Mediterranean Pipeline," in response to a question raised by Representative Robert L. F. Sikes (D., Fla.) during the 28 May House Appropriations briefing.

Preston asked when he might expect the Agency's response to the questions raised concerning the intelligence community at the conclusion of the Director's briefing on 28 May. I told Preston that some of the matters covered in the questions were deferred to the Department of Defense for information and those responses have been received.

Preston told me also that the Committee will wind up hearings on the Military Appropriations bill on Thursday, 13 June. No further witnesses will be called on intelligence community matters.

In response to my question Preston said he would appreciate a draft 25X1 letter for Committee use relating to the FY 74 supplemental appropriation.

25X1 [REDACTED] O/Compt, has been advised.
